IAND Board Application

(Term Year June 2026 - May 2027)

Education

What is your education background (Bachelors, Masters, PhD). What special certifications do you have?

Bachelor of Science - Coordinated Program in Dietetics

Current Job Position

Describe your current job description and how your role would contribute to a diverse IAND Board.

Academia	I lead a team that supports FDA audits, regulatory initiatives, manages quality complaints, investigates human harm events and participates in cross-functional alignment between Medical Affairs, Regulatory, and Consumer Care. With my role in an industry sector of dietetics, I would be able to connect with individuals that are typically not highlighted due to being in a non-routine sector of dietetics. I would also be able to provide insight on what type of education or needs for this sector are lacking currently.

Long Term Care	
Private Practice	
Fitness/Wellness	
Community Nutrition	
Renal/Dialysis	

Prior Experience

Are there any special skills/qualifications you have acquired from employment, previous volunteer work, or through other activities that you want to highlight?

I am a line manager of 2 individuals. I was previously certified a Certified Lactation Specialist. I have presented at lunch & learns and in front of Senior Leadership Teams. I have co-authored Standard Operating Procedures.

Involvement with the AND on a National, State or District/Region Level

Summarize your involvement and participation in AND activities.

I have attended the Annual State Meeting and contributed to the most recent update to the Indiana Diet Manual.

Leadership Experience

Summarize any other leadership experiences that may benefit this position.

I have facilitated partnerships with Fuel Up to Play 60, other community partners and EVSC schools. I served on the local EVSC Wellness Committee. I was an active leader in workplace social functions and committee member of Performance Management for the local health department.

Goals for the Position

What new ideas or goals do you have for this position? What do you bring to the IAND State Board that will help build up Registered Dietitians in Indiana?

One goal I have for this position is expanding outreach to other sectors of dietetics outside of the traditional roles. Industry and School Nutrition are both sectors still underrepresented in a lot of dietetics education, activities, and even representation within state, national or local boards. I bring a wide variety of experiences that would allow for me to connect with dietitians in many different career tracks. I would be able to bring forth my advocacy for more representation of other non-traditional dietitian career paths.
